Item no.: 365127
shipping weight: 0.90 kg
Manufacturer: Folded Space

Product Description

Note: This product is designed for a box size of 30.0 x 30.0 x 12.2 cm. Official, full-colour insert, compatible with Undaunted: Stalingrad®. The design provides both efficient storage and an enhanced gaming experience. Many of the trays can be used during play, making set-up and put-away much easier. The rulebooks serve as lids on the trays. The insert is arranged in up to three layers, with the upper part of the box occupied by two trays for game board tiles. These are split between the current and transformed city pools and provide extra space so you can flick through them to quickly find the cards you need. The largest tray in use is for players' decks of cards. There is room to sleeve all the cards, although towards the end of the campaign you may need to remove some sleeves from the removed piles in the centre of the box. The tray print uses designs from the game box and each side is colour coordinated with the army cards. The two sides of the tray face in opposite directions so that the tray can be placed in the centre of the table and each player can see their decks but only the backs of their opponent's cards. The two armies are given their own tray for tokens and dice, with the combat tokens stored vertically and separated by type. The remaining general tokens are all kept in a single tray so that both players can use them, and each tray contains images from the rulebook or from playing cards and boards. The player trays are each in the colours of the chosen army. The images greatly enhance the look of the trays, but also help tidy up the game as you can immediately see what belongs where. Once the insert trays are packed into the box, all you need to do is place the books on top, starting with the main rulebook. Once fully loaded, the box is filled to the brim so it can be stored vertically. FS-UNDST is an official insert product produced in partnership with Osprey Games®. All trademarks and copyrights remain the property of their respective owners, who are in no way affiliated or related to Folded Space EOOD. This product consists of a flat pack of 7 Evacore trays. The trays must be assembled quickly and easily using normal PVA glue. Detailed instructions are included in the package.
