Insert: Architects of the West Kingdom Collectors Box

from **21,06 EUR**

Item no.: 365015
 shipping weight: 0.60 kg
 Manufacturer: Folded Space

Product Description

Note: Inlay for games with external dimensions of 29.7 x 29.7 x 7.2 cm. Official, full-colour inlay, compatible with Architects of the West Kingdom: Collector's Box®, including the contents of the base game and the Age of Artisans® and Works of Wonder® expansions. The tray also provides space for the four Tomesaga® player boards and other promotional content. The design allows for both efficient storage and enhanced play. Many of the trays can be used during play and make it much easier to set up and put away. The trays all feature a colour print inside and out and really liven up the game and provide better organisation of components. Note the upside down tray in the centre at the top of the picture: this can either be used as a second coin tray or added as shown to give the box a touch of the original game cover. Each player gets their own player tray and all card trays offer space for cards with sleeves. The card and resource trays can be used during the game to make set-up easier. The coin tray works just as well with the silver metal coins. Each tray contains images from the rulebook or game cards and boards. Each player tray has a character from the game and a specific colour theme. When packing the box, place the player boards on the bottom layer of the trays first, followed by the main board. Next, add the rulebooks as shown. Finally, add the player aids, scoring pad and town hall board on the left side and the influence board on the right side, covering the trays. This will completely fill the box without having to lift the lid and the game can be stored vertically. FS-ARCCB is an officially licensed insert product produced in partnership with Garphill Games®. All trademarks and copyrights remain the property of their respective owners, who are in no way affiliated or associated with Folded Space EOOD. This product consists of a flat pack of 5 Evacore sheets. The compartments must be assembled quickly and easily using ordinary PVA glue. Detailed instructions are included in the package.
