 shipping weight: 0.50 kg  
 Manufacturer: Folded Space

**Product Description**

Tray for games with external dimensions of 29.5 x 29.5 x 7.6 cm. Official, full-colour tray, compatible with Lacrimosa®. The design enables both efficient storage and improved play. Many of the trays can be used during play and make set-up and put-away much easier. The rules and boards serve as lids on the trays. The trays are arranged in up to two layers as shown. All trays are printed in full colour inside and out. There is space to put all the cards in high-quality sleeves. Note that the interior colours of the player trays match those of the four player factions. Also note the bottom left tray, which contains the game summary tiles, the soloist deck and the starting player marker. Each player gets their own player tray and the tray with the long story point counters can be placed next to the board where all players can easily reach it. The tray contains a filler tray that is placed upside down in the box and contains pictures from the box lid. The trays have raised ends to make it easier to remove the cards in the sleeves. All trays have colour symbols on the bottom to make it easy to see what belongs where when tidying up the game. The main card tray and the tray for the royal court and city tiles can be placed directly on the game board and their colour printing allows them to be integrated into the print of the board. All trays can be used during the game, making set-up and clean-up much quicker. When packing the box, first place the personal boards on the bottom layer of the trays. Next, place the rulebook on top of the personalised boards and seal the contents of the compartments below. Note that there is only room for one language version of the rulebook. Finally, place the main game board on top. This fills the box completely without having to lift the lid and the game can be stored vertically. FS-LACRI is an officially licensed insert product manufactured in co-operation with Devir Games®. All trademarks and copyrights remain the property of their respective owners, who are in no way affiliated or associated with Folded Space EOOD. This product consists of a flat pack of 4 Evacore trays. The trays must be assembled quickly and easily using normal PVA glue. Detailed instructions are included in the package.
