Product Description

Note: The insert is designed for games with external box dimensions of 30.2 x 30.2 x 8.1 cm. Insert compatible with Dune Imperium®, including the expansion "Dune: Imperium - Rise of Ix®" and the contents of the Deluxe Upgrade Pack®. The design offers both efficient storage and improved gameplay. Many of the trays can be used during the game and significantly reduce set-up and clearing times. There is room for all cards to be wrapped with high quality sleeves. Note the compartments in the top left corner for the miniatures from the Deluxe Upgrade Pack®. Each player receives two player trays, one for the contents of the base game and one for their Deluxe Upgrade Pack miniatures. If you do not have this upgrade pack, you can simply turn these miniature trays over and leave them in the box. The two large card trays are suitable for cards with sleeves. The first of the two trays is for the cards of the Imperium deck and can be placed on the table next to the game board to form the draw pile for the Imperium series. As mentioned above, all trays can be used during the game to organise the components and allow easy access for all players. When packing the box, first place the CHOAM tray on top of the guide card tray. Next, add the rulebooks on top. Finally, place the game board and Ix board on top. This will completely fill the box and allow the game to be stored vertically. FS-DUNIMP is an unofficial third party game accessory. All trademarks and copyrights remain the property of their respective owners, who are in no way affiliated or associated with Folded Space EOOD. This product consists of a flat pack of 6 Evacore sheets. The trays must be assembled quickly and easily using normal PVA glue. Detailed instructions are included in the pack.
