Product Description

Officially licensed insert compatible with Fantastic Factories, including space for the Manufacture and Subterfuge expansions. Note: Insert designed for game with external box dimensions of 20.0 x 27.3 x 7.1 cm. folded space insert organizer fantastic factories Official full colour insert compatible with Fantastic Factories, including the Manufacture and Subterfuge expansions. The design provides both efficient storage and improved game play, with removable token trays for use during the game. The rulebooks act as a lid on top of the trays. The trays are arranged in up to two layers, with a large card tray with no base at one end. Note the stack of corporate faction boards in the lower left corner. The dice tray has special walls to hold these boards in place. The card tray is sized for sleeved cards. The general token tray also has space for the wooden factory from the first edition of the game. Every tray includes images from the rulebook or game cards and boards. The images greatly improve the look of the trays, but also help in game clear up as you can instantly see what goes where. When packing the box, first place the headquarters boards on top of the token trays together with the Subterfuge expansion rulebook. Lastly place the remaining rulebooks on top of everything. This fully fills the box and allows for vertical storage of the game. FS-FANFAC is an officially licensed insert product made in partnership with Deep Water Games. All trademarks and copyrights remain the property of their respective owners. This product consists of a flat-pack of 2 Evacore sheets. The trays require assembly, which is quick and fun, using ordinary PVA glue. Detailed instructions are included in the package.
