## FS-LCG3 - Insert: Living Card Games Arkham Horror

from **12,55 EUR**

Item no.: 365111  
shipping weight: 0.50 kg  
Manufacturer: Folded Space

### Product Description

Note: Insert for games with external dimensions of 25.4 x 29.2 x 7.6 cm. Insert compatible with the new rectangular boxes for Living Card Games® such as Arkham Horror: The Card Game® The Revised Core Set, The Lord of the Rings: The Card Game® The Revised Core Set and their expansions with the same box size. The insert is designed for cards with sleeves and is available in two versions, either with space for additional game components such as pockets and dials or with an additional card compartment. There is also a stack with three token compartments. One compartment, which can be used on either side of the box end, has no centre divider to provide space for larger tokens and mini cards. The large main card tray has two bases in the corners to give stability and make assembly easier. The smaller end compartments all have the same size bases and can be replaced as required. When assembling the insert, you need to decide whether you need more space for tokens/leaflets/pockets or extra space for additional cards. In this way, we have made the insert more flexible for a variety of game boxes. Variant 1 offers space for a total of 800 cards with sleeves, while variant 2 offers space for 900 cards with sleeves. When you pack the box, simply place the rulebooks and game textbooks on top of the insert compartments. This fills the box completely and the game can be stored vertically. The FS-LCG3 insert can also be used in expansions with the same box size. Below you will find pictures of the insert in the Edge of the Earth Campaign Expansion® box. Since the character mini cards and the chaos bag are in the main game box, we recommend using the second mounting option to create more space for cards. The main card tray has indentations at one end to provide space for the campaign manual ring binder. FS-LCG3 is an unofficial third-party game accessory. All trademarks and copyrights remain the property of their respective owners, who are in no way associated or affiliated with Folded Space EOOD. This product consists of a flat pack of 4 Evacore sheets. Assembling the trays is quick and fun. Use ordinary PVA glue for this. Detailed instructions are included in the package.
