Product Description

Marvel: Crisis Protocol Weapon X & Maverick Wolverine's modern origins probably began with the "Weapon X" programme. But they quickly regretted developing the wildly uncontrollable weapon that became known as "Weapon X"...The Weapon X & Maverick character pack for the Marvel: Crisis Protocol miniatures game adds two playable characters to your team. Wolverine was the perfect specimen for the experiment to fuse the metal adamantium with a skeleton, as he was able to heal himself from almost any wound. The programme succeeded in creating a virtually indestructible soldier. Christoph Nord, now known as Maverick, has had a life of trials and tribulations. He eventually became a mercenary and found his way into the Weapon X programme. Since he first joined the programme, he has returned time and time again and can never escape the pull of the weapon for long. A base game of Marvel: Crisis Protocol is required to play.
