Product Description

Abalone The black and white balls face each other on the hexagonal board. Your aim: Push 6 of your opponent's balls over the edge of the board. Watch out, plan ahead ... and weigh up each move wisely! Players: 2 Age: 7+ Minutes: 20+ Abalone is a game for young and old strategists alike, which impresses with its simple design and offers a new challenge every time. On your turn, you can move one or more balls of your colour in one direction and, if necessary, change the majority in a row. By doing so, you can manage to push one of your opponent's balls off the board in a later turn. In this way, you try to win six of your opponent's balls and thus win the game.
