### Product Description

Rune Stones - Board Game (EN/DE/FR/NL Edition)

You slip into the role of druids who have to prove their skills in dealing with rune stones. They summon creatures through the use of magic and use their abilities to obtain valuable gems. From these stones, with the help of the talented dwarves, a variety of artefacts can be made, which are necessary to create a runestone. The more different artefacts a druid gathers, the more powerful a runestone becomes. Rune stones grant permanent abilities and power points.

The abilities change the rules of the game to the druid's advantage, while the power points bring him closer to the throne. The druid who has the most power points at the end of the game wins and sits on the throne.

Caution: Not suitable for children under 36 months!

- Number of players: 2 to 4 players
- Age: from 12 years
