Product Description

Have you ever experienced a rock-paper-scissors battle? In Ninjan, your goal is to recruit the best ninjas for your team. Play your cards at the right time and outwit your opponents to get their best recruits. When will you be able to play? What will happen before it's your turn? These are just some of the questions you need to answer when preparing your cards. Ninjan is a game where you need to anticipate your opponents' actions to gain an advantage.1. Choose one of your cards. Be careful, you have to play them all!2. When everyone has chosen, reveal your cards at the same time. The card with the highest value goes first.3. Take a pile of cards from the centre of the table and apply the rules of rock, paper, scissors. Your card replaces this pile on the table.4. Will your strategy go as planned? Keep the cards you have won and collect as many victory points as possible to win the game.
