### Product Description

Shadowrun: Fear the Dark (Hardcover) The Importance of Fear Shadowrunners don't normally fear the terrors that flit through the night - because they are usually those terrors themselves. But of course they know that they are not the only ones to worry about. The universe and the meta planes contain horrors that no one can imagine, that no one should imagine, because the very thought of them can drive you mad. And some of those horrors are already here. Fear the Dark pushes Shadowrun in a new narrative direction, full of highs, lows and twists that will keep runners on the edge of their seats. For use with Shadowrun, Sixth Edition.
