In Datapuls Saxony and Halle-Leipzig, learn all about the grandiose plans of the monarchists and the poisonous depths of the infected scene, get to know up-and-coming string-pullers who are only too willing to dance on the corpses of the deceased and submerged, get to know the new Bundeswehr of the Beloit era and the fiercest special units of the ADL and hurry to order the latest tech of SOTA 2083 before it's too late!Shadow Dossier 5 is the fifth anthology of Datapulse PDFs for the ADL released so far for Shadowrun 6, featuring the Datapulses for Saxony and Halle-Leipzig, SOTA 2083, Bundeswehr, 10 Special Forces, and 10 string-pullers who survived (or only became relevant because of) the attacks of the global terror wave of the "Week of Death", including an exclusive short story by David Grade.
