Manufacturer: Pegasus Spiele

Product Description

Shadowrun: Domino Effects (Softcover) The stones are falling In the closely networked Sixth World, small causes can have a big effect. And how much greater is the effect when the cause is already fundamental? An attack on a crowded club, a political assassination in an unstable metroplex, a detonation deep underground - at the most fatal time, in the worst possible place? A few Shadowrunners will find themselves at the epicentre of fateful events and watch as everything collapses around them. Domino Effects is an in-house production by Pegasus Press and an anthology for Shadowrun 6 consisting of three interconnected individual adventures, which were developed to match the parallel published sourcebook Fear the Dark. All adventures are completely ready to play even without the source book, including floor plans and maps - but to understand the larger context, it is recommended to own the book Fear the Dark. In Domino Effects, the Runners rescue a legendary hacker from a club in Hamburg, attempt to obtain a precious shipment from an untrustworthy source in Berlin, and use this shipment in the Rhine-Ruhr Plex to eliminate a deeply buried threat. Content warning: Alcohol/drugs, disgust (monster), violence against minors (monster in child form), murder, phobia triggers (confinement, burial, drowning), political extremism Details- Item no.: 46156G- EAN: 9783969281260- Publisher: Pegasus Spiele - Product types: Role-playing games - Theme: Shadowrun- Language: German- Release date: June 2024- Size: 21cm x 30cm x 29.7cm - Weight: 220 g - Type: Adventure book- Content: Softcover Black and white
