Product Description

Shadowrun: Dangerous Ambitions (Hardcover) Dangerous Ambitions is a sourcebook for Shadowrun, Sixth Edition. The Sixth World feels like it is constantly in the midst of a slow-motion collapse. One catastrophe after another threatens to destroy parts of our world - or even the entire world. And that's why it's crucial to know what could push some of these disasters over the edge of the cliff, turning the slow-motion collapse into an unstoppable crash. Dangerous Ambitions describes ten people and organisations standing on a precipice. Sometimes they are the ones who could fall into this abyss, other times they are looking for someone else to push. Either way, they will play a crucial role in the unfolding events. All the more reason why runners should know about them before they cross their path in the shadows. Content warning: Racism, Mental illness, Right-wing extremism, Sexualised violence, Eating disorder.
