Product Description

Spirit Island: Nature Awakens [Expansion] Nature itself rises against the invaders When the invaders' ships landed on our pristine shores, they brought with them desolation and destruction. Full of greed, driven by a hunger for power and resources, the invaders laid claim to the land. Spirits have always lived on this island, but the invaders' brutal destruction also awakened those spirits whose essence is so closely connected to nature that they have developed a physical form here. The invaders will learn to fear nature itself. Important notes Warning! Not suitable for children under 36 months.
