Product Description

Powerline by Queen Games Item number: 107126 EAN: 4010350107126 Author: Dirk Henn Illustrator: Patricia Limberger Build the energy supply of the future! You build an efficient network of power lines to connect power plants with each other, supply cities with renewable energy and thus earn points. The dice play an important role here, as they determine the order in which you expand the lines. But which cities do you want to supply with electricity first and which power plants are the easiest to connect? Each round presents you with interesting decisions and you have to find the best combinations to score points. Whoever has the most points after the final scoring wins the game. Thanks to the different variants, you can change the game experience again and again and face new challenges. -Number of players 1 - 6 people - Suitable from 8 years - Playing time 45 minutes - Packaging 295 x 64 x 295 mm
