Yaxha by Helvetiq- Item no.: 953351- EAN: 7640139533517- Author: Baptiste Vaiana- Illustrator: Julien Bigot Create the 8th wonder of the world! In Yaxha, you'll be inspired by the fascinating pyramid buildings of the Mayas in modern-day Guatemala. Collect coloured wooden cubes and build your own pyramid. Pay attention to which cubes give you the most victory points and also best match your building. There are several groups of 3 wooden cubes in each round. Choose skillfully and get that little bit closer to victory. Of course, there is a risk that your opponents will snatch the coveted blocks away from you. Put your blocks together as cleverly as possible to build the most beautiful Mayan pyramid and claim victory. Yaxha is a game with simple rules, but it requires strategy and a good sense of timing!
