Both players now choose a trump suit (number or colour) and then play begins, with all players trying to score as many points as possible. The boss chooses a partner and tries to score bonus points, while the vice-boss works with the other players to prevent the boss from winning. The pack of cards consists of 60 cards in 5 different colours. Each colour consists of cards with the values 0 to 9, each with two times the 1 and the 7. The cards also have 0, 1 or 2 triangles on them, which indicate the value of the card.- Game type: Family game Card game - Item weight: 0.14kg- Made in: Germany
