There are no waiting times here either - one player rolls the dice and everyone takes their turn. Whoever cleverly enters the rolled numbers in the 3 colour rows and scores the most bonus points wins. Each player tries to enter as many numbers as possible in the 3 colour rows on their piece of paper. You get extra points for a colour row if you manage to enter numbers in all fields of this colour row. There are also lucrative bonus points if you manage to enter numbers in all three fields of a vertical column of 3 colours. ATTENTION: The basic game Qwinto is required to play! There are two replacement blocks for the basic game! ATTENTION: Not suitable for children under 36 months! - Replacement blocks (2) - For 2 to 6 players - Ages 8 to 100 years - Uwe Rapp, Bernhard Lach
