Product Description

Bird Families by Laurence King Author: Mike Unwin Illustrator: Christine Berrie Did you know that hunter kingfishers belong to the kingfisher family? In this classic quartet, you need to collect as many sets of four as possible. So while you collect four finches, four parrots or four woodpeckers from your fellow players, you can admire the variety of colours and plumage from all over the world. Fun for the whole family! - Birds are an extremely popular topic, as our successful titles Bird Pairs and Bird Bingo prove - Classic quartet, easy to understand, beautifully illustrated - Booklet contains lots of interesting facts about the bird families 2 - 4 people from 8 years 20 minutes
