Product Description

Tony Longhurst was a fixture of Australian touring car racing and BMWs in the 1980s and 90s. Tony Longhurst shared this car with motorbike and motorsport legend Johnny Cecotto for the 1992 Bathurst 1000, and in the race the plucky little 2.5-litre naturally aspirated BMW M3 finished an impressive fourth behind two powerful Nissan R32 Skylines and a very fast RS500. A tremendous performance for a car that gives away so much power! On your home track, this M3 is always a race winner, but with its iconic livery and great handling, this M3 is a great addition to your Scalextric garage! 1/32 scale, high-detailed, Scalextric digital dec. 560008515, Carson digital dec. 500707130 Caution! Not suitable for children under 3 years. Choking hazard due to small parts.
