Product Description

Terry Drury and Keith Holland were one of the best British privateer pairs to drive the GT40, even though the car was no longer competitive. They qualified for the BOAC 1000KMs in a good 22nd place. During the race, the pair of drivers performed well, completing 91 laps before technical difficulties forced them to retire. The car itself was one of the most impressive GT40s of its time. The gold on black colour scheme looked fantastic and the car was always immaculately presented. This GT40 will add another eye-catcher to your sports car garage. 1:32 scale, high-detailed, Scalextric digital dec. 560008515, Carson digital dec. 500707130 Dimensions: L: 140 mm W: 60 mm H: 50 mm, With light function Caution!
