### Product Description

The licensed Willys Jeep has been released in a collection prepared for the 80th anniversary of D-Day and the Battle of Normandy and is marked with a special logo from the organisers of the official anniversary celebrations! The Allied landing in Normandy on 6 June 1944 was one of the most important events of the Second World War and had a major impact on its course! The world's most popular off-road vehicle was designed in 1:35 scale and consists of 132 elements. The built car is equipped with a heavy machine gun and accessories. The wheels with rubber tyres turn and you can move the car while playing. The set includes a figure representing a soldier of the American 101st Airborne Division (Screaming Eagles). The vehicle and figure feature high-quality prints that are modelled on historical markings taken directly from a COBI historical car! We haven't even left out details such as patches with a characteristic eagle on the soldier's shoulder! The set perfectly complements the very extensive Historical Collection WWII series from COBI! The Jeep Willys MB is a legendary off-road vehicle that played a key role in the Second World War. It was manufactured by the American company Willys-Overland Motors and was part of a military programme to provide vehicles for the US Army and its allies. Willys MB was characterised by its simple design, solidity and reliability in difficult field conditions. Its compact size, robustness and ability to cope with difficult terrain made it a legend in automotive history. After the war, the popularity of the Jeep Willys MB contributed to the development of the Jeep brand and served as inspiration for later models of off-road vehicles. Today, the Jeep Willys MB is prized by collectors and enthusiasts of military items and classic cars. 132 high-quality elements car model figure representing an American soldier, accessories, weapons, original JEEP licence, manufactured in the EU by a company with over 20 years of tradition, meet the safety standards for children's products, fully compatible with clamp building blocks of other brands, building blocks with imprints do not deform or fade during play or under the influence of temperature, scale 1:35, Vehicle dimensions (L x W x H): 10.5 cm (4.13 inches) x 5 cm (1.97 inches) Length: 10.5 cm / 4.13?
