Product Description

-Length 31 cm / 12.2?-Height 11 cm / 4.3?-Wingspan 22 cm / 8.7?-Number of parts 375-Number of figures 1-Age group 8+F-16 (YF-16) First flight 1974 - a unique edition of the legendary aircraft that has defended the skies of dozens of countries around the world for 50 years. The first flight took place on 2 February 1974. We have decided to recreate the characteristic livery of the prototype and a figure based on the test pilot! Using 375 COBI building blocks of the highest quality, you can build the world's most popular fighter and attack aircraft, the F-16® FIGHTING FALCON®, licensed by defence giant Lockheed Martin, in the colours of its first flight in 1974! The set has been carefully designed in 1:48 scale. The building blocks are provided with high-quality prints. The US Air Force emblems look great on this colourful model. The two-colour spray-painted pilot's cabin is proof of COBI's high quality! The set includes a pilot figure in a very characteristic suit, equipped with a helmet and an oxygen mask with hose. The entire set is complemented by a display base made of clamp blocks including a sign with the name of the set, the national flag, the scale and the Lockheed Martin logo! Thanks to the intuitive instructions, assembly is easy and poses no problems even for less advanced builders. The set will fulfil the expectations of aviation, military and terminal block fans. The F-16 will look great both for an adult collector and in a teenager's room. 375 high-quality elements, Produced in the EU by a company with over 35 years of tradition, Meets safety standards for children's products, Fully compatible with building blocks from other brands, Only permanent prints were used, no stickers were used. Clear and intuitive instructions based on drawings and symbols, 1:48 scale Model dimensions (length x width x height): 31 cm x 22 cm x 11 cm Specification Catalogue No.: COBI-5892 Manufacturer: Cobi Factory SA Length: 31 cm / 12.2?
