Product Description

Protect your playmat Keep your playmats organized and protected. The Playmat Tube provides a secure storage solution for stitched and unstitched playmats in vibrant, semi-transparent colors. A hexagonal shape keeps the tube from rolling around on the table. The cap is made out of a flexible material and can be easily taken off, whilst still creating a tight seal to prevent the playmat from falling out accidentally, even when shaken. The Playmat Tube is made from shock- and scratch-resistant PETG and has a reinforced base to withstand heavy pressure. FEATURES- Unique hexagonal shape avoids rolling from the table- Perfect for standard-sized playmats- Holds extra-large or particularly thick playmats- Snug fit with flexible cap that can be easily taken off- Reinforced base- Can withstand heavy pressure- Also ideal for protecting artwork or maps- Acid-free, no PVC SPECIFICATIONS- Product size 75 x 385 mm- Material PETG, silicone- Packaging type OPP Bag
