### Product Description

Dungeons & Dragons - Xanathar's Guide to Everything, Roleplaying Game Book (EN), 192 pp.

Beauty and guile are in the eye of the beholder!

The Beholder Xanathar, the most notorious crime lord of Deepwater, is known to hoard information about his friends and foes. He catalogues knowledge about adventurers and ponders how to stop them. His twisted mind even imagines eventually recording absolutely everything!

Within these pages are brand new rules and storytelling options for all character classes from the Players Handbook, including over twenty-five new subclasses. The book also introduces new spells (spell cards) for both player characters and monsters.

Gamemasters will find new rules for traps, magic items, recreational activities and much more - all designed to add variety to a D&D campaign and take it in new directions.

In between all this extra material, Xanathar makes bizarre observations about whatever his eyestalks happen to fall upon. Pray they don't discover you!

Not suitable for children under 36 months.

- Optional extension for the Player's Handbook
- These basic works are required for playing!
