### Product Description

First Construction Monster Truck: An off-road adventure for the little ones! Discover the ultimate fun for your child with the First Construction Monster Truck from Revell Control! This 1:20 scale kit is specially designed for young builders aged 4 and over and, with its age recommendation, offers a perfect introduction to the world of modelling. With 45 easy-to-assemble parts, the monster truck takes children on an unforgettable off-road adventure right in the nursery. Thanks to its massive tyres, practical winch and impressive design, this monster truck masters every obstacle with flying colours. The kit is characterised by highly detailed parts such as the detailed interior, a removable hardtop and a spare tyre, which ensure realistic play fun and a wide range of design options. The included stickers also offer the opportunity to give the vehicle an individual and cool look. Scope of delivery- Plastic model kit (not assembled) consisting of 22 coloured parts, screws and connectors- Screwdriver for easy assembly- Child-friendly building instructions that guide you step by step to your goal- Sticker sheet with stickers to customise the monster truck The First Construction Monster Truck is ideal for beginners in model building, specially designed for children aged 4 years and over. This toy is perfect for indoor playtime fun, transforms every child's room into an exciting off-road arena and promotes fine motor skills and spatial awareness. Special features- Child-friendly design: Easy to assemble with no effort required, ideal for small hands.- Realistic play experience: Highly detailed and easy to assemble. Realistic play experience: Highly detailed parts such as the interior and removable hardtop.- Customisation: With sticker sheet for a personal touch.- Educational value: Promotes fine motor skills and creative thinking.- Robust toy: Designed for long-lasting fun and adventure in the nursery.
