Product Description

Author: Luc Rémond | Illustrator: Crocotame | Explore the national park with your camera around your neck to photograph animals in their natural habitat. The spotted nutcracker, the emblem of the park, chamois and grass frogs are waiting for you and offer you a unique opportunity to collect points in an original way related to the landscape and interaction with your neighbours. Alpina is a strategy game with simple rules. Do you play a map to collect more points or do you use the opportunity to outsmart your opponents? Find the card that allows you to strike a balance between these two objectives and victory will be yours! What we love about Alpina: Every move affects your final score and the scores of your fellow players. Scoring is based on the landscape and interaction with your fellow players. An ecological theme for a game made from 100% FSC, with cute wooden Wanderer meeples. 100% made in Europe. Number of players 2 - 4 people | Suitable for ages 8 and up | Playing time 15 minutes | Packaging 140 x 140 x 46 mm
