from **138,08 EUR**

Item no.: 397223
shipping weight: 1.60 kg
Manufacturer: TAMIYA

Product Description

The Porsche 956 is a real piece of motorsport history. This sports car prototype was developed for the World Endurance Championship and was first entered in 1982. It won both championships (constructors' and drivers' championship) in its very first year! The Tamiya model is a replica of the 1983 Le Mans winning car from Schuppan, Haywood and Holbert. The kit is supplied with an unpainted body and includes an RS-540 Sport Tuned. The chassis has a 2WD drive on the rear axle - similar to the former Formula chassis from TAMIYA. The chassis (Group C) has an ABS plastic tub and sponge rubber tyres. The enclosed body is unpainted. Required accessories: 2-channel remote control with steering servo, electronic speed controller, battery pack, charger for drive battery, transmitter batteries, TAMIYA PS paint for polycarbonate bodies 2WD kit model, Gr.C chassis, 540 Sport-Tuned motor, polycarbonate body with add-on parts, foam rubber tyres, Instructions ATTENTION! You should read and understand all instructions before starting assembly. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Caution! Not suitable for children under 14 years of age.
