Product Description

Advent Calendar "James Bond Aston Martin DB5" - A legendary model for real film fans Experience the magic of the pre-Christmas period with the detailed Advent Calendar "James Bond Aston Martin DB5". This high-quality model kit brings the legendary Aston Martin DB5 from the famous James Bond series to your home. Perfect for modelling beginners and advanced modellers aged 10 and over, this Advent calendar offers the ideal balance between easy handling and creative design freedom. With the innovative easy-click system, the coloured components can be assembled without any glue, which guarantees a quick and clean result. The included stickers and optional Aqua Color paints allow you to refine and individualise the model according to your ideas. Whether as a collector's item or a proud display object - this model kit combines filigree attention to detail with the charm of a true classic from film history. The daily assembly process creates a true-to-original Aston Martin DB5 by Christmas Eve, which will not only delight James Bond fans, but will also make modellers' hearts beat faster. The kit promotes fine motor skills and provides hours of creative crafting. Scope of delivery- Sticker sheet for individual design- Detailed assembly instructions- 5 Aqua Color paints for optional painting- High-quality brush for precise detail work- Side cutter for preparing the parts- Sanding file for fine finishing- Tweezers for delicate assembly work- Model making knife for precise cuts Special features Innovative easy-click system: Simple and clean assembly without glue, perfect for beginners and advanced modellers. Rich in detail: You can add your own personal touch to the model with Aqua Color paints and stickers. Official James Bond licence: Authentic design of the famous Aston Martin DB5, which became iconic in numerous James Bond films. Learning aspect: The kit promotes manual dexterity and attention to detail in all model building enthusiasts.
