Product Description

Accurate model kit of the 70 Shelby Mustang GT500: Detailed replica for advanced modellers Discover the impressive 70 Shelby Mustang GT500 as a highly accurate model kit. This exquisite 1:25 scale model is an exact replica of the legendary high-performance car and offers modelling enthusiasts a fascinating challenge. With an impressive 112 pieces carefully assembled to bring this automotive masterpiece to life, the kit will appeal to advanced modellers (skill level 4) and is recommended for modellers aged 12 and over. Scope of delivery:- Multi-part 7.0-litre V8 engine- Movable bonnet- Detailed body- Comprehensive decal set The kit is ideal for advanced modellers (skill level 4) who already have experience in gluing and painting models. It offers a challenging but rewarding experience for anyone who wants to develop their modelling skills. Special features:- Authentic replica of the 70 Shelby Mustang GT500- High level of detail in design and mechanics- Moving parts for a realistic representation- High-quality decal set for individual design Background information: The 70 Shelby Mustang GT500, a high-performance variant of the Ford Mustang, marked a turning point in the history of muscle cars. First introduced in 1965, the model underwent significant changes in 1969, particularly in the body design. Although no new production took place in the following year, unsold 1969 models were labelled as 1970 models, recognisable by a small front spoiler and characteristic stripes on the bonnet. This model kit not only offers a piece of automotive history, but also the opportunity to recreate an iconic vehicle of the 1970s in meticulous detail.- Width: 7.6 cm- Length: 19.5 cm- Height: 5.4 cm- Recommended age: 12- Scale: 1:25- Individual parts: 112
