Product Description

Copenhagen by Queen Games "Nyhavn" (New Harbour) is famous for its colourful gabled houses along the water. The players' task is to design new facades so that they blend seamlessly into this beautiful harbour backdrop. The aim of the game is to be the first player to reach 12 points or to have the most points as soon as the end-of-game card is revealed. The players collect different coloured cards from the card display, which they then exchange for façade tiles of the same colour (except for white special tiles) in different shapes. The players use the tiles to gradually build the façade of their house. Whenever a floor (row) or part of the house (column) is completed, the player receives points. Number of players 2 - 4 people Suitable for from 8 years Playing time 20 - 40 minutes Packaging 295 x 77 x 295 mm
