from **21,47 EUR**

Item no.: 392006  
shipping weight: 0.30 kg  
Manufacturer: Revell

### Product Description

Discover the model kit of the wartime fishing boat (KFK), a piece of history to recreate. This 1:144 scale kit brings the versatility and robustness of the fishing boats used in the Second World War directly to your home. With 139 precisely manufactured parts, this model offers a challenge for advanced modellers. The finished model measures an impressive 168 mm in length, 46 mm in height and 40 mm in width, ideal for detailed representation. The special care taken in the reproduction of the deck and the fine details included give the model an extraordinary realism. Recommended for modelling enthusiasts aged 12 and over, this kit is a perfect opportunity to combine an interest in history with craftsmanship. Scope of delivery: - 139 highly detailed components - Detailed deck - Model stand included for an attractive presentation - Clear building instructions - Decals for authentic markings This model kit is ideal for advanced modellers (level 4). It requires experience in gluing and painting and offers a demanding but rewarding challenge for anyone aged 12 and over who is interested in historical ship models and detailed replicas. Special features: - Authentic replica of a wartime fishing cutter - Exact scale of 1:144 - Highly detailed deck that reflects the robust construction of the KFK - Includes model stand for an impressive presentation - Ideal for advanced modelling techniques Background information: The wartime fishing cutter (KFK) was an essential part of the German navy during the Second World War. Originally designed as fishing boats, they were converted for military use and were known for their adaptability and robustness. These models played a crucial role in supplying and supporting the navy. The KFK model kit captures the essence of these historic ships and offers a fascinating opportunity to engage with an important piece of maritime history. - Width: 4 cm - Length: 16.8 cm - Height: 4.6 cm - Age recommendation: 12 - Scale: 1:144 - Individual parts: 102
