Product Description

Description Model kit of the Boeing E-3 Sentry, the military variant of the Boeing 707-320, responsible for reconnaissance of enemy and friendly aircraft. Scale 1/144. 323 mm long. Suitable for ages 12 and up. Boeing E-3 Sentry is the military designation for a variant of the Boeing 707-320, which is used as an Airborne Warning and Control System (AWACS) by the air forces of several countries. Its task is to reconnoitre enemy aircraft and guide its own aircraft. The most striking external feature of the Boeing E-3 Sentry is the AN/APY-1 search radar above the fuselage. Safety instructions Recommended for modellers and collectors aged 14 and over. Due to scale and prototypical or functional design, tips, edges and small parts are present. Risk of swallowing. Therefore, keep out of the reach of children under the age of 10!
