from **938,39 EUR**

Item no.: 396720
shipping weight: 6.00 kg
Manufacturer: ixoCOLLECTIONS

Product Description

The stationary model is a 1:8 scale replica of the Porsche 917KH. The boot, bonnet and doors can be opened. The headlights can be switched on. When the bonnet is open, you can take a look at the detailed replica engine of the 917KH. The doors can also be opened, allowing a view of the cockpit. In addition to the faithfully designed interior, the wheel rims are also modelled on the original. The body in the characteristic design is pre-painted and reflects the first Porsche in history to win Le Mans in 1970. Floor model kit, scale 1:8, 158 die-cast metal parts, total 839 parts, weight approx. 5,950g. Opening doors & bonnet, screwdriver, screw set, instructions. Caution! Not suitable for children under 14 years. Product details- Highly detailed 1:8 scale floor model kit- Kit with 839 parts, 158 of which are die-cast metal- Total weight of the model approx. 5.95 kg- With light function and sound function- Functional parts such as bonnet, doors and boot- Plastic parts are already pre-painted- Screwdriver set and suitable screwdriver included- Detailed and illustrated assembly manual
