GGS30014 - Ultrasonic 9-Pocket Pages - Sideloading, 10 pages bag

from 2,65 EUR

Item no.: 344939 shipping weight: 0.10 kg Manufacturer: Gamegenic

Product Description

Ultrasonic 9-Pocket Pages - Sideloading, 10 pages bag

High-quality 9-pocket pages for standard- and Japanese-sized cards, made from extra clear polypropylene. Due to the versatile 11-hole spine these pages fit in almost all standard-sized ring-binders. The pockets are loades sideways and will protect even double-sleeved cards perfectly. Welded joints, made with ultrasonic technology, provide strong and precisely measured card pockets.

Attention! Not suitable for children under 36 months.
