Product Description

Zip-Up Album 8-Pocket, white

The Zip-Up Album 8-Pocket is a great way to collect and organize collectible cards of standard or Japanese size. The album is covered with the innovative Nexofyber surface to create a comfortable touch & feel combined with an elegant look. The inside of all Zip-Up Albums is covered with soft microfiber lining. Reinforced, rigid covers add protection to keep card collections safe.

The album holds 20 pages with 8 side-loading pockets each for a total capacity of 160 cards (even double-sleeved). Four compartments per page are perfect for PLAYSET collections (4 cards of each). A durable zipper closes this album from all sides.

Attention! Not suitable for children under 36 months.
