Product Description

Cthulhu: Thanatophobia (Hardcover) "If in life we are surrounded by death, so also in the health of the mind by madness." -Ludwig Wittgenstein Five adventures in the 1920s revolve around the shoals of sanity, the finality of death and the equally final possibility of return: De Bello Mundo: From a sanatorium in southern Germany to the Mediterranean, madness reigns supreme. The Swarm: Two sisters, a country estate and countless opportunities to lose your life. But is death the end? Hydrotherapy: Death is the end? Ridiculous! Do therapies have an end? Hardly ... Raunächte: It's not easy to go from life to death in a sleepy Baltic seaside resort. It's easier to lose your mind ... Schrödinger: Death and madness (in any order) lurk in many times and dimensions when dealing with the legacy of an ingenious and crazy researcher.
