## 145628 - Quiz Club EN V2

from **14,53 EUR**

Item no.: 391262  
 shipping weight: 0.40 kg  
 Manufacturer: Funtails GmbH

### Product Description

You don't have to know everything yourself if you know who does! Short rules, exciting questions from many categories and lots of fun! It's never been funnier to have no idea about something! Quiz Club is a turn-based quiz game that alternates between "co-operative" and "competitive" play. In the co-operative rounds, you choose a question and ask it to a player who you think will answer it correctly. In the competitive rounds, you instead want to find a player who you hope will have a knowledge gap in the area of the question. Quiz Club can be customised and expanded to suit your taste: Each expansion pack contains 120 new questions and answers on a specific topic. This allows you to expand and personalise your gaming experience as you wish with various more specific topics. The following expansions have been released so far: - Board & card games- Role-playing games & geek knowledge- Science fiction & science- News, trends & disasters- Foreign countries & adventures- Number of players: 3-8 people- Recommended age: 12 years and up- Playing time: 30-60 minutes- Packaging: 24 x 18 x 5 mm
