Product Description

Ready, Steady, Go! With the CARSON Night Racer 2.0 you are the king of the road! The racer is fully suspended and equipped with a differential gear. Speed and manoeuvrability are the most important features of the remote-controlled Night Racer, making it unbeatable on both straight and winding tracks. In addition, the detailed paintwork and the blue illuminated rims give the RC racer a very special look, even in the dark. The Night Racer is supplied with a 2.4 GHz remote control and is ready to go immediately after initial charging. Have fun with your 1:10 Night Racer 2.0! Buy - Charge - Drive! Ready-to-run model. 2.4GHz rotary knob remote control system, Li-Ion drive battery 7.4V/1,200mAh, USB-charger, 2x transmitter batteries LR06AA and instructions. Suitable spare battery 500608237. ATTENTION! Please keep these notes for possible correspondence. Subject to colour and technical changes. Not suitable for children under three years of age. Choking hazard due to small parts that can be swallowed! Use under the direct supervision of adults. Adult assistance is required to remove the transport locks. Product details: 1.
