Product Description

Flowers, ribbons, vases... It seems as if the work of a florist is a dream job full of peace and harmony. But when the annual Flower Show competition is just around the corner, everything changes. This is the moment of truth! You can take part in the competition alone or in pairs and take on the challenge of creating the most beautiful bouquets. Decide on a leitmotif for your composition and then make sure that you snatch the best specimens from under your opponents' noses and don't get overtaken on the flowery course. Flower Show is a game in which players take it in turns to play flower cards and try to create the compositions with the highest score. Not only do you count the possible points, but you also have to make sure that the other players don't pick up the entire, carefully prepared bouquet before you do. Extra points are awarded for bouquets with at least 5 flowers and for cards with a crown. Grab your watering cans and get started! Package contents: - 64 flower cards - 4 vase cards - 7 basket cards - 3-piece game board with scoring track - 2 figures - 4 reference cards - 4 team markers - Starting player card - Instructions - For 2-4 players - Recommended for children aged 8 and over - Caution! Not suitable for children under 3 years. Contains small parts that can be swallowed - choking hazard!
