23841 - RC Mini Helicopter "Toxi"

from **19,48 EUR**

Item no.: 398505
shipping weight: 0.30 kg
Manufacturer: Revell

Product Description

Just 5.5 centimetres tall and yet already grown up - thanks to three control channels, the micro helicopter can be flown precisely in any room using the IR remote control. In addition, the coaxial rotor system with electronic gyro and the intuitive IR remote control ensure easy flight characteristics. The two electric motors, which are powered by a LiPo battery, provide plenty of power. 4 x 1.5 V AAA batteries are required for the remote control. Scope of delivery: 1x model 1x 3CH IR remote control 1x spare rotor set 1x instructions Width: 2.5 cm Length: 10 cm Item number: 23841 Age recommendation: 8
