Product Description

The robust quadcopter "GO! VIDEO" quadcopter is equipped with a modern 6-axis gyro that allows you to take off easily and capture breathtaking aerial shots. With a length of 325 mm, a width of 325 mm, a height of 100 mm and a rotor diameter of 135 mm, the quadcopter is perfect for outdoor use. The "GO! VIDEO" has all the functions that are a must nowadays, including various speed levels, a flip function, a headless mode and a precise 4CH-GHz remote control. The powerful LiPo battery is replaceable and can be conveniently recharged using the USB charger supplied. The "GO! VIDEO" quadcopter is supplied with instructions, a spare rotor set, a 3.7 V LiPo battery, a USB charger and a 4CH-GHz remote control. Please note that the remote control requires 4 x 1.5 V AA batteries, which are not included in the scope of delivery. The "GO! VIDEO" is suitable for children aged 12 and over and offers an exciting flying experience for beginners and advanced pilots. Get ready to take off and take spectacular videos and photos from a bird's eye view! Scope of delivery: 1x model 1x 4CH-GHz remote control 1x 3.7 V LiPo battery 1x USB charger 1x spare rotor set 1x instructions Age recommendation 12
