Product Description

Tears of fire - monster expansion for: Aventuria (DE), ages 14+

After an arduous ascent, the heroes had finally reached the cave, which, according to legend, is home to an indomitable monster and hoard immeasurable riches. The heroes were just thinking that the huge dark grotto on the mountain flank was uninhabited when three huge heads rose from the darkness and a deep rumble went into their limbs

Tears of fire is a monster expansion for Aventuria - The Adventure Card Game where the heroes have to deal with a three-headed dragon in person! In duel mode the dragon is controlled by one player, while in adventure mode the heroes play the adventure of tears of fire and can confront the giant worm together. With a choice of six different heads and four ages, the fight against the dragon remains challenging and varied over many games.
