Product Description

Starfinder - Dead Suns 5 of 6: The Thirteenth Gate, Adventure Trail (DE)

The heroes travel deeper into the expanse to find the Gate of the Twelve Suns : a strange megastructure of twelve stars, arranged in a perfect circle. But the cult of the devourer is ahead of them and the heroes have to fight with the cult followers for control of the extra-golar technology that they find on the individual planets in orbit around the suns.

Only by defeating these depraved criminals can the heroes prevent the super weapon hidden here from falling into the wrong hands. But the destructive fanatics are by no means the only threat in this system.

This volume continues the Starfinder adventure trail Dead Suns and contains:

- The Thirteenth Gate ", a Starfinder adventure for characters of the 9th level by Stephen Radney-MacFarland.
- A collection of technological relics of the Kishalis, an ancient, advanced alien civilization that they left behind across the galaxy, by Stephen Radney-MacFarland .
- Detailed descriptions of the worlds and cultures of five alien, completely new species by Mikko Kallio, Jason Keeley, Lyz Liddell, Ron Lundeen and Mark Moreland.
- An archive of new creatures, from the key inhabitants of the five new extra-golar worlds to an undead manifestation of entropy by Mikko Kallio, Jason Keeley, Lyz Liddell, Ron Lundeen, Mark Moreland and Stephen Radney-MacFarland.
- Play values ??and deck plans for a heavily modified spaceship With a crew of followers of the devourer cult of Stephen Radney-MacFarland, as well as a view of an inhospitable, shadowy planet in the Codex of the Worlds by Owen KC Stephens.
