Product Description

Starfinder - Characters Mission Manual, hardback (DE), 160 pages

Myriads of cultures and ancient traditions! Characters can of course fall back on more backgrounds, origins and training techniques than a set of rules could cover. This Mission Guide expands the options available to characters from known races and classes, be it in character creation or as part of their progression.

Whether you are a newbie or a veteran, this book has something to offer for you!

- Three new character classes: biohackers, entropicists and witchers. Master skills to change biology, control the forces of entropy or resort to alternative realities.
- Additional options for all classes and races of the basic rules.
- More talents, spells and Equipment.
- New roles and team actions in space combat, as well as a system for time-out activities outside of combat.

Warning!Not suitable for children under 36 months.
