### Product Description

Starfinder - Critical Hits, Card Set (DE)

Do you want your critical hits to cause more than double the damage? Would you like your ion rifle to do more than just jump at the nearest enemy? Do you think setting things on fire should just be the beginning of what a flamethrower can do?

After you get a critical hit, you draw a card and apply four different effects depending on the type of attack. These cards were designed for the Starfinder role-playing game and can be used by players and game masters alike. Even if your weapon already has Critical Hit Effects, firing the perfect shot has never been more fun!

Warning! Not for children under 36 months suitable.
