Product Description

Pathfinder - Equipment Compendium, paperback 2nd edition (DE), 320 pages

Choose your weapon and bravely go into battle with the Pathfinder Equipment Compendium! In this practical, comprehensive reference work you will find magical objects and adventure equipment packed together on 400 pages.

This includes simple equipment for excursions and common weapons, but also earth-shaking artifacts. In addition to rule references and price lists, you will also find tables for the random generation of estimates. Everything is organized so that it is easy to find. Thanks to this comprehensive catalog of tools and treasures, the days of boring dragon hoards are numbered and your hero will never be unprepared again.

The Pathfinder Equipment Compendium is an indispensable companion to the Pathfinder rulebook. This role-playing game is based on more than 10 years of continuous further development and free play tests with more than 50,000 participants, which have brought the most popular role-playing game in the world up to date for the new millennium! Pathfinder equipment compendium contains:

- Thousands of magical and common items: weapons, armor, magical items and pieces of equipment from the volumes of the Pathfinder hardcover series and selected other sources. In addition, there are hundreds of completely new items.
- Numerous new special fabrics, materials and magical abilities so that you can create exactly the magical object that you always had in mind! A plethora of special magical items arranged by type to ensure your character always carries as much magic with them as possible.
- An innovative new treasure generation system to help a GM always roll exactly what he needs. New alchemical weapons, tools and poisons. Equipment to help your character get the most out of their skills, as well as new mounts, companions and henchmen.
- Descriptions of each item and hundreds of full-color illustrations to help you shop.

Warning!Not suitable for children under 36 months.
