Product Description

Pathfinder - War for the Crown Display Collection (DE)

Important monsters and non-player characters of the War for the Crown adventure trail come to life with this display collection on your gaming table! In this set of stands you will find over 100 creatures for use in the Pathfinder RPG or any other tabletop fantasy RPG!

The motifs are printed on sturdy cardboard; each display features a full-color monster or other character from the War for the Crown campaign, including scheming nobles, cosmic monsters, complex mechanisms, and dozens of unique creatures. The stands fit into the corresponding plastic bases that are available in the monster manual stand-up boxes or individually, so that they can easily be used together with scaled plastic or metal miniatures.

Attention! Not suitable for children under 36 months.
