Product Description

Pathfinder - expansion rules 1: Magic, paperback (DE)

Lead your character to the top of magical power with the Pathfinder expansion rules: Magic for the Pathfinder role-playing game. Arcane and divine secrets await you in this volume to come to life in the hands of all magical classes. In addition to the new base class of the Battle Magus, which combines arcane magic and the art of combat, you will find a new spell system, rules for spell duels and other magical specializations, as well as pages full of new spells, talents and more. Because why should you be satisfied with less than absolute power when it comes to magic?

Pathfinder expansion rules: Magic is a companion volume for the Pathfinder role-playing game system that everyone should have. This imaginative role-playing game is based on more than ten years of development and a public test phase in which more than 50,000 players contributed to the creation of a modern role-playing game in order to bring the bestseller among fantasy role-playing games into the new millennium.

The Pathfinder Magic upgrade rules include:

- The Battle Magus, a new base class that combines deadly arcane magic with the skills and weapons of a trained warrior.
- Words of Power, an innovative one and flexible new spell system.
- New options for spellcasters such as alchemical discoveries, alternative uses for focused energy, druid animal companions, sorcerer bloodlines, eidolon powers, sorcery and mysteries.
- Additional talents and magical abilities for Martial characters, including ki tricks for monks, archetypes for inquisitors and ranger traps.
- New magical states called Magic Plagues, as well as systems for creating constructs, binding outsiders and magic duels.
- More than 100 new spells and detailed guidelines for

Warning!Not suitable for children under 36 months.
